

Introducing

Integrating Seamless Payments and Financing in the leading technology solution for the Foodservice Equipment and Supplies Industry

About Financing via AQ Pay

AQ Pay is the first end-to-end platform in the FES industry that allows you to offer competitive financing options to your customers, right from the quote or invoice. When you sign up for financing via AQ Pay, you will also have access to Currency's technology enabled financing application, which can easily be embedded anywhere on your website, shared via email with customers, or even filled out in person on any phone, computer, or tablet. With just a few clicks of a button, your customer will quickly understand their purchasing power, helping you close more deals faster.

The Process

1 Customer clicks on the Financing button either in an email or an on AQ Pay enabled quote or invoice

2 Customer fills out technology enabled financing application in less than 3 minutes, and hits submit

3 You receive an email notification of the status of the application, and Currency reaches out to your customer

4 Customer reviews documents and agrees to terms

5 You or the customer provide Currency with an invoice

6 Currency funds you directly, and the sale is complete!
